1. The attached proposed handbook, [redacted]  
Courier Operations, (Attachment A), prepared in ETECS format,  
is submitted for processing, coordination, and publication.

STAT

Formerly identified as [redacted] this revised handbook serves  
to incorporate the provisions contained in [redacted], dated  
20 September 1979, (Attachment B), detailing the preparation  
of mail for transmittal through the Agency courier service.  
While this handbook represents a joint effort on the part of  
the Office of Security and the Office of Logistics, it has been
